

## PRESS-KIT 2018

# CATWORKX MIDSUMMER DAY

#CMSD2018

Please feel free to use the press-kit material for promoting the catworkx Midsummer Day 2018 and the Best Practice Sessions within your channels and for inviting customers, prospects and friends. Many thanks for your support in advance, we highly appreciate that.

### About catworkx Midsummer Day | #CMSD2018

The **21 June** has been fixed in the Atlassian event calendar. The **catworkx Midsummer Day 2018** (#CMSD2018) will take place in Hamburg with the motto “Be part of the powerful Atlassian Ecosystem.” This is already the fifth CMSD and catworkx again cordially invites you to the “Speicher am Kaufhauskanal” in the Harburg inland harbor.

The catworkx team is looking forward to playing host once again and to providing a community platform for a whole day centered on prominent Atlassian solutions and high-performance apps from the Atlassian Ecosystem. With around 200 participants last year, catworkx Midsummer Day has become one of the biggest Atlassian events in the German speaking countries.
